All events will be held at the DoubleTree, with the exception of the Gymkhana, which will be run in conjunction with our Grand Tour and BBQ on Saturday.

### Summary of Friday Activities

Our Fashion Boutique will be open from 1:00 to 5:00 pm. You might just find that special item you have been looking for. Pick up is Sunday at 1:00 pm.

Stop by the Pick-A-Prize in the Sacramento Room from 1:00 to 5:00 pm. Take a chance on all your favorites. Tickets available at door.

Welcome Fashion Entrants. We are looking forward to having you participate. We will be having a meeting at 4:00 pm in the Napa Room. There is a small fee of \$10.00. Your instructions will be mailed to you. Be sure to check your registration for "Fashion Participant".

The Modesto Area A's would like to invite everyone to our Dessert Welcome Party from 7:00 to 8:30 pm, in the Grand Ball Room. You will select a dessert from a selection of four. In addition coffee, tea and a no host bar will be provided. Prior, go enjoy a nice dinner in the hotel or a surrounding restaurant. Upon returning join us for an evening of relaxation and visiting with old and new friends. Remember, it's been said, "the meal isn't over until dessert has been served". The Hubley event has been scheduled to coincide with the Welcome Party. This is a great time for those who are unfamiliar or have never attended a Hubley race to see what's happening and join the enthusiasm.

Dust off your Hubley's and rev up your engines. The race is on! Check-in will be held from 5:30 to 7:30 pm. This event will be run as **single-elimination** with ONLY pre-registered participants allowed. (See Registration page 8) **Need to be present to race! ### Hubley Race Rules:

1. Scale Model, Gabriel, and Hubley Model A Fords are eligible. There are 7 body styles: station wagon, coupe, roadster, pickup, and Phaeton, Victoria and Town sedan.
2. You may paint the cars any color you want or leave them unpainted.
3. Maximum weight of the car ready to race is 1 pound 5 ounces. As some scales may differ, a small amount of variation will be allowed at any particular race with permission of the race judge.
4. Free or fixed steering may be used.
5. Weights, if you add them, must be secured, not loose inside the car.
6. You may file smooth, but not **alter or modify** the axles, axle screws, wheels, or tires. For example you **may not put in bearings** or use a different type of axle screw. The original axle screws found over the years in Hubley, Gabriel, and Scale Models are fillister head 4-40 machine screws, fillister head 4-40 self-taping machine screws, and fillister head #4 sheet metal screws. These are the only three types of screws allowed.
7. Once the car is weighed in, the race judges will handle the cars on the track. Cars will be checked into an impound area and will, from that point on until the end of the derby, be handled by race personnel only. (Owner may make simple repairs between races, but races will not be delayed).
8. You may use a dry lubricant such as graphite on the wheels or none at all because wet oily lubricant drips on the track.
9. One entrant, one car per registrant name, who must also be present to be eligible to race
10. The judge may ask the owner to remove one or more axle screw(s) and wheel for inspection before the race.

Winners are determined by the average time of three races on different lanes. Awards are given for first, second, and third places in each age group.

Decisions of the race personnel will be final. The top 3 places in each group **might** be asked to remove a wheel and screw for inspection.

*While every effort will be made to assure the safety of the cars, the committee cannot be responsible for damage.*

**This area is to record your own car times.**
